

Requirements for students declaring Accounting Major prior to Fall 2016:

Major

The Department of Economics offers a major of BS in accounting, requiring a minimum of 31 credits of accounting and an additional 33 credits of professional studies. Details are outlined below.

Grade Options

Students enrolled in the BS (accounting) curriculum may not use CR/NC grades for the 31 accounting credits in the accounting major.

Progression in the Major

Students who have not completed the prerequisites with a grade of C, CR or better will not be allowed to register for the course for which the prerequisites are required. ECO 22100 is required for the major and must be completed with a grade of C, CR or better to be accepted for credit toward fulfillment of the major.

I. Allied Required Course (4 cr)

- MATH 15000 (STEM) - Calculus with Analytic Geometry I

Additional Information

Majors are advised to complete MATH 15000 (STEM) and ECO 22100 within their first 75 credits of college work. For students already at or beyond these points when they become majors, such courses should be taken within the first 12 credits following declaration of the major. The department may waive the requirement of any of the above or other courses upon satisfactory proof of course equivalency. Courses waived through substitution or examination do not provide course credit nor do they count toward the major.
